MasterKure® CC 250 SB (Formerly known as Kure-N-Seal™ 25LV)
Product Information Statement for LEED® v. 4 Credit Documentation

MasterKure® CC 250 SB is a solvent based acrylic curing, sealing, and dustproofing compound for concrete for use either interior or exterior.

BASF Corporation certifies the following information for MasterKure® CC 250 SB:

**MR Credit Building Product Disclosure and Optimization—Environmental Product Declarations**
An Environmental Product Declaration (EPD) is not available for MasterKure® CC 250 SB.

**MR Credit Building Product Disclosure and Optimization—Sourcing of Raw Materials**
Raw Material Source and Extraction Reporting is not available for MasterKure® CC 250 SB.
Recycled and Bio-based materials are not used in the manufacture of MasterKure® CC 250 SB.

**MR Credit Building Product Disclosure and Optimization—Material Ingredients**
Material Ingredient Reporting is not available for MasterKure® CC 250 SB.
Health Product Declaration and Cradle-to-Cradle Reporting is not available for MasterKure® CC 250 SB.

**EQ Credit Low-Emitting Materials**
MasterKure® CC 250 SB has a VOC (Volatile Organic Compound) content of 601 g/L which does not satisfy the VOC content requirements of this credit for interior use.
Emissions Test Reporting is not available for MasterKure® CC 250 SB.

Respectfully,
LEED Administrator
