**MasterProtect® H 200 (Formerly Enviroseal 20)
Product Information Statement for LEED® v. 4 Credit Documentation**

MasterProtect® H 200 is a water-based silane water-repellent sealer for use either interior or exterior.

BASF Corporation certifies the following information for MasterProtect® H 200:

MR Credit Building Product Disclosure and Optimization—Environmental Product Declarations

An Environmental Product Declaration (EPD) is not available for MasterProtect® H 200.

MR Credit Building Product Disclosure and Optimization—Sourcing of Raw Materials

Raw Material Source and Extraction Reporting is not available for MasterProtect® H 200.

Recycled and Bio-based materials are not used in the manufacture of MasterProtect® H 200.

MR Credit Building Product Disclosure and Optimization—Material Ingredients

Material Ingredient Reporting is not available for MasterProtect® H 200.

Health Product Declaration (HPD) and Cradle-to-Cradle Reporting is not available for MasterProtect® H 200.

EQ Credit Low-Emitting Materials

MasterProtect® H 200 has a VOC (Volatile Organic Compound) content of 350 g/L which satisfies the VOC content requirements of this credit for interior use.

Emissions Test Reporting is not available for MasterProtect® H 200.

Respectfully,
LEED Administrator
