MasterProtect® H 400 (Formerly Enviroleal 40)  
Product Information Statement for LEED® 2009 Credit Documentation  

MasterProtect® H 400 is a water-based silane water-repellent sealer for use either interior or exterior.

BASF Corporation certifies the following information for MasterProtect® H 400:

Recycled Content  
MasterProtect® H 400 recycled content is not available at this time and should be assumed to be 0% for the purposes of LEED reporting.

Regional Material  
Approximately 54% by weight of MasterProtect® H 400 was produced with materials extracted, processed and manufactured in Bristol, PA 19007.

VOC Content  
MasterProtect® H 400 has a VOC (Volatile Organic Compound) content of 350 g/L.

Based upon the above information, BASF Construction Chemicals, LLC certifies that MasterProtect® H 400 could contribute to the following LEED NC Credits:

**MR Credit 5.1:** Regional Materials: 10% Extracted, Processed, & Manufactured Regionally  
**MR Credit 5.2:** Regional Materials: 20% Extracted, Processed, & Manufactured Regionally

Respectfully,  
LEED Administrator
