**MasterProtect® HB 300 SB (Formerly Super Colorcoat VOC)**

Product Information Statement for LEED® 2009 Credit Documentation

MasterProtect® HB 300 SB is a waterborne, decorative waterproof coating.

BASF Corporation certifies the following information for MasterProtect® HB 300 SB:

**Recycled Content**

MasterProtect® HB 300 SB recycled content is not available at this time and should be assumed to be 0% for the purposes of LEED reporting.

**Regional Materials**

Approximately 15% by weight of MasterProtect® HB 300 SB was produced with materials extracted, processed and manufactured in Houston, TX.

**VOC Content**

BASF Corporation certifies that the VOC (volatile organic content) of MasterProtect® HB 300 SB Fine Texture is 225 g/L and Smooth Texture is 275 g/L. Please refer to BASF Form No. 1017924 for more information.

Based upon the above information, BASF Corporation certifies that MasterProtect® HB 300 SB could contribute to the following LEED NC Credit:

**MR Credit 5.1: Regional Materials: 10% Extracted, Processed, & Manufactured Regionally**

Respectfully,

LEED Administrator
